

Bad Baby Baby

Ain't got a dime
Ain't got a name
Ain't got the time
Tell you all the same
Don't want no trouble
Don't want no fun
Might burst your bubble
But I've just begun

You're a bad baby, baby
You're a bad baby, baby
You're a bad baby, baby
Maybe
It's time to go

Don't want no milk
Don't want no honey
Won't buy you silk
Won't give you money
This I believe
I told you so
It's time to leave
It's time to go
