

Bucket of Love

(Chorus)

Bucket of love / Drippin' and greasy
Wear a dick glove / So you don't get disease-y
Smells bad enough / It's makin' me queasy
Bucket of love / You no longer please me

I've travelled the world / But when I got to Ohio
I found me a girl / Who made me say me-o my-o
She wasn't afraid / To ride the big pony
And I had it made / When she grabbed my baloney

Chorus

In Pittsburg PA / (And this ain't manure)
I had me a lay / Who could suck like a Hoover
She made my eyes cross / Made my toes go double
I knew I was lost / I knew she meant trouble

Chorus

Way out in the west / San Diego's the place
She held up her breasts / And said to cum on her face
I knew I'd finally met / The girl of my dreams
I made her wet / She made me scream

Chorus
