

Burned This Time

(Arm. Meneses & Greb)

Junk town no room for errors
Red Lights a backdrop for terror
No dice don't try to fight it
This sucks so just lie down and bite it

(Chorus)

Downtown crazed friends all scratching for a dime
Hard cheese everybody's getting burned this time

Junk town the whole place is blighted
Red Lights lie down or die to fight it
No dice dealt a lousy dead man's hand
This sucks feel the back of their hand

(Chorus)

Junk town can't you just smell it?
Red Lights eat the black pellet
No dice fills you with disgust
This sucks nothing can save us

(Chorus)
