

**Cannibalized**  
**(Greb)**

I'm being cannibalized  
I can feel it, I can feel it  
I'm being cannibalized  
I can feel it, I can feel it

I'm losing parts left and right  
To slippery persons in the night  
I'm being cannibalized  
I can feel it, I can feel it  
I'm being cannibalized  
I can feel it, I can feel it

I feel the dampness of their hands  
Search my body for my glands  
I'm being cannibalized  
I can feel it, I can feel it  
I'm being cannibalized  
I can feel it, I can feel it

I'm being cannibalized  
I can feel it, I can feel it  
I'm being cannibalized  
I can feel it, I can feel it

They're so hungry hear them chew  
You'd better run they're after you  
I'm being cannibalized  
I can feel it, I can feel it  
I'm being cannibalized  
I can feel it, I can feel it
