

Crazy (as a Fruit Bat)

Crazy
She's crazy all the time
They say
She can't make up her mind
What she says
And what she does
There's no reason
Just because
And it's crazy
That I love

Crazy
She's crazy all the time
Maybe
There's no reason or rhyme
What she says
And what she does
There's no reason
Just because
And it's crazy
That I love

Crazy
Maybe
But I'm crazy too
Lately
Baby
I don't know what to do
I'm just crazy too
I'm just crazy for you

Crazy
She's crazy all the time
They say
She can't make up her mind
What she says
And what she does
There's no reason
Just because
And it's crazy
That I love
