

Hole Truth

Got a hole in my head
And one in my heart
Don't know what you said
Don't know where to start
I'm not sure what to do
To get myself over you
The things that you said
They tear me apart

Looking for fun
Looking for trouble
I brought me a gun
'Cause I'm bursting some bubbles
I'm not sure what to say
To make people just go away
Think they should run
While I'm seeing double

The hole truth is what I'm living everyday
The hole truth just won't go away

Got a hole in my life
Trying to fill it with booze
Cut with a knife
Got nothing to lose
I'm not sure what to think
So I'll have me one more drink
Living in strife
With nothing to lose
