

Is It Me?
(Armand Meneses)

Is it me? Was I speaking Portuguese?
Why can't you understand?
Did I forget to say please?
Is it me? Are we on the same page?
Can I have some room to swing?
Can't you act your age?

Is it you or me? Is it you or me?
Is that all it will ever be?

Is it me? Does lying scratch that itch?
Is that how it's gonna be?
Have we hit a little glitch?
Is it me? Have you lost your mind?
Do I have to put up with that?
Did you think I'd gone blind?

Is it you or me? Is it you or me?
Is that as far as our eyes can see?

Is it me? How long you think you're gonna be?
Have you seen my self respect?
Is that what you think of me?
Is it me? Were you speaking Portuguese?
Why can't I understand?
Is it you I have to please?

Is it you or me? Is it you or me?
Is that all it will ever be?
Is that as far as our eyes can see?
