

Jamaica Me Angry

Cuba's got Castro
And he's pretty bad
Don't talk about Haiti
That just makes me sad

Bermuda's alright
I like their short pants
At least they were British
And weren't owned by France

Keep Trinidad and Tobago
Don't mention their names
Which is which anyway?
Aren't they the same?

St. Lucia and St. Croix
And the Florida Keys
Big butts in bikinis
Make me weak in the knees

Just fuck Puerto Rico
They think they're a state
The speak funny Spanish
And aren't all that great

But Blue Mountain coffee
And Red Stripe beer
And serious ganja
Will bring you good cheer

I love Jamaica
Jerked chicken sea bass
Good lookin' women
Great piece of ass
