

**Life in the Big City**  
**(Greb)**

Sometimes I think I'll die in my sleep  
I'll slip in the darkness and fall too deep  
It's got me worried  
It's got me scared

Sometimes I think I'll wreck my car  
While driving at night I'll go too far  
It's got me worried  
It's got me frightened

(Chorus)  
Life can be so crazy  
Life can be unfair  
There is no guarantee  
That you'll get your share  
So you better watch your step  
'Cause your number might be next

Sometime I know I'm gonna get mine  
There won't be no warning, coming from behind  
It's got me nervous  
I'm kind of scared

(Chorus)
