

Make American Great (or Else)

Don't call me a Nazi / Or I'll push in your face
I just want my country / To be my own special place
Don't call me a fascist / If you know what's good for you
Go back where you came from / We're gonna make America great

I'm a good person / But don't pay my taxes
'Cause I don't want my money / To go to other people
They're bleeding our country / And taking our stuff
And I think it's time we / Said enough is enough

It's always darkest / Just before it goes black
They've taken our country / And we're takin' it back
It's people like us / People like us / People like us / Who are true

I just know that I'm angry / And need someone to blame
It must be somebody / With a different last name
I run faster and faster / But just stay in one place
The invisible hand / Is shoved in my face

I know that I'm losing / And I just want to win
I think the advantage / Has gone to a darker skin
But I'm way too stupid / To see what everyone knows
It's really the banker / In the fancy new clothes

If you want understanding / And a little less hate
Perhaps you should leave / Before it's too late
This land is my land / The land of the free
This land is my land / It belongs to me

So don't call me a Nazi / Or I'll push in your face
I just want my country / To be my own special place
Don't call me a fascist / If you know what's good for you
Go back where you came from
We're gonna make America great
Make America great
