

Naturally Suspicious
(Greb)

My baby don't trust me no no no
She has me followed wherever I go
Thinks I'm slippery, thinks I'm sly
But I'm not that kind of guy
My baby don't trust me no no no

(Chorus)
She's just
Naturally suspicious
Naturally suspicious
Naturally suspicious
Naturally naturally

She sees me runnin' all over town
Bringin' our love life right on down
Thinks I'm crazy, thinks I'm wild
But I'm innocent as a child
Sees me runnin' all over town

(Bridge)
Why'd you look at me that way?
Do you want to go or stay?
Why'd you talk after me that way?
Maybe I should go away

(Chorus)

My baby still loves me yes she do
Never willin' to say we're through
Thinks I'm nasty, thinks I'm cruel
Thinks I'm playin' her for a fool
My baby still loves me yes she do

(Chorus)
