

## **Neighborhood Vigilante (Greb)**

Living your life in fear and disgust  
It's hard to be a man and do what you must  
The streets are ruled by low-lives and scum  
If you want to be safe better just act dumb

I'm not gonna be pushed around any more  
Gonna get me a gun with a magnum bore  
I'll be like Ronnie if they get in my way  
Say "Ok punks come on and make my day!"

(Chorus)

I'm the neighborhood vigilante  
Citizen guardian  
Neighborhood vigilante  
And I'm having lots of fun

Want to be like Goetz and Charlie Bronson  
Won't go outside without my Smith and Wesson  
Walk the park and ride the subway at night  
Looking for trouble, looking for a gunfight

(Chorus)

(Bridge)

Give me the gun, give me the ammo  
Get out of my way or it's blam-blam-blammo  
Give me some shit, cut me some slack  
Get out of my way or get shot in the back

So stay out of my way and don't touch my car  
Swift retaliation won't be far  
If you're my neighbor better keep your door locked  
I am the law and I keep my gun cocked

(Chorus)
