

Our Love
(Greb)

You tell me that you're sorry
You tell me not to leave
You tell me all is forgiven
But I don't know what to believe

I don't know how this got started
I don't know how it will end
All I know is come tomorrow
I don't want to see you again

You don't listen when I'm talking
You don't know what I'm about
Listen close this is important
I don't want to have to shout

Our love never was
Our love never was
Just me just you
Never was never two

I hope you hear what I am saying
I hope you won't try to cause a fuss
Because you know as well as I do
That our love never was

That our love never was
That our love never was
That our love never was
That our love never was
