

Sheep Heaven

Near Shasta there's a road that goes to Sheep Heaven
I ain't never been there but I heard it's real nice
There's plenty of food and fun stuff to do, it's warm at night
Let's go down, let's go down, down the road to Sheep Heaven

What do you suppose it's like in Sheep Heaven?
Are there free haircuts every time you need a trim?
Are eating lamb chops the worst kind, the very worst kind of sin?
I don't know, I don't know, but let's go to Sheep Heaven

Can you hear the music played in Sheep Heaven?
They probably listen to a lot of Bob Dylan
But that ain't me babe, that ain't me babe, no no no it ain't me
I ain't the one the one you're looking for, looking for in Sheep Heaven

You're always gonna lose
More than you would choose
If you ask it they'll refuse
So what can you do?

Near Shasta there's a road that goes to Sheep Heaven
I ain't never been there but I heard it's real nice
There's plenty of food and fun stuff to do, it's warm at night
Let's go down, let's go down, down the road to Sheep Heaven
