

Skippy
(Greb)

You think you're smart
Big brain in your head
But you're really a fart
Who' be better off dead
You think you're the best
But you know it's a lie
You're really a pest
I'd rather see die

Skippy you're shit
You know that it's true
You're like a big zit
I'm gonna pop you
Skippy you fuck
You pink monkey ass
I'm a Mack truck
And I'm mowin' your grass

You think that you're cool
That you're really all right
But you're really a fool
Who should die in the night
You think that you're happy
That it'll work out in the end
But it will end crappy
Because I'm not your friend

Skippy you creep
You're scum that does smell
You're in it too deep
And you're going to hell
Skippy you suck
You pink monkey ass
I'm a Mack truck
And I'm mowin' your grass
