

Smiling

(Art Meneses & Greb)

I'm smiling, I'm smiling all the time
I'm smiling, I'm smiling all the time
My head is big, my wallet's fat
I have no idea where I'm at
But I'm smiling

I'm dancing, I'm dancing through the day
I'm dancing, I'm dancing through the day
My mind is blank, my face is white
My favorite beer is Miller Lite
I'm dancing

(Chorus 1)

Think I'm lost / Can't find my keys
A guy named Lou / Wants to break my knees
My bills are due I can't pay my fees
And my hair is cut like Mr. T's
But I'm smiling

I'm hungry, I'm hungry for some food
I'm hungry, I'm hungry for some food
My nails are long, my chin is double
I live inside a plastic bubble
I'm hungry

Forgot my name / I may not exist
But if I don't / Then I'll be pissed
If I'm gone I won't be missed
Every day I try to eat a fist
But I'm smiling

I'm flying, I flying through the sky
I'm flying, I flying through the sky
Life's a mystery, but I don't care
'Cause if I close my eyes I can walk on air
I'm flying

(Chorus 1)
