

## **The Cleave of Season**

Sometimes life is good  
Sometimes life is bad  
Sometimes we will laugh  
Somethings we are sad

Our life must be lived each day by day  
We must endure our passion play

Sometimes life is right  
Sometimes life is wrong  
Sometimes it's a fight  
Sometimes it's a song

Moments we cherish will get us through  
Though we must perish we make do

Sometimes life's a dream  
Sometimes a nightmare  
Sometimes it's what it seems  
Sometimes it doesn't care

Life gives way to sterility and cold  
And one day we're old

Sometimes life is easy  
Sometimes life is hard  
Sometimes all is breezy  
Sometimes all is marred

Another long trip around the sun  
The cleave of seasons has begun

Sometimes life is good  
Sometimes life is bad  
Sometimes we will laugh  
Sometimes we are sad
