

The Shadow
(Greb)

They call me the Shadow; I don't know why
They call me the Shadow; I don't know why
When I finally do know someone will die

They call me the Shadow; I live in the night
They call me the Shadow; I live in the night
When you're the Shadow you keep out of the light

(Chorus 1)

The Shadow knows but I won't say
The Shadow knows but I won't tell
The Shadow's following you today
The Shadow sends you straight to hell

They call me the Shadow; I really don't care
They call me the Shadow; I really don't care
When you're the Shadow you'll always be there

Because I'm the Shadow (x 4)

(Chorus 2)

The Shadow is never alone
The Shadow is always at home
You can't lose me don't even try
The Shadow is always close by

They call me the Shadow; you're living in fear
They call me the Shadow; you're living in fear
If you're the Shadow you'll always be near

(Chorus 1)

They call me the Shadow; don't ask me why
They call me the Shadow; don't ask me why
When I finally do know someone will die

Because I'm the Shadow (x 4)
