

### **Three Day Rain (Greb)**

Three days – three days and three nights  
In the rain – in the rain half my life  
You'd think I'd be used to it  
Be used to getting wet  
But I don't like it  
Not used to it yet

The sky – the sky overhead  
Comin' down – down on my head  
You'd think I'd be used to it  
Be used to getting wet  
But I don't like it  
Not used to it yet

Storm clouds  
Big and black  
Lightning bolts  
Thunder crack  
Sunshine  
Thing of the past  
Storm clouds  
How long will they last?

Three days – three days in the cold  
Feel it – must be getting' old  
You'd think I'd be used to it  
Be used to getting wet  
But I don't like it  
Not used to it yet
