

**Video Blues**  
**(Greb/Art Meneses)**

I was sittin' alone watchin' TV one night  
Saw a fine lookin' lady and I wanna take a bite  
She was tryin' to sell me a tube of UltraBrite  
I got so worked up I painted all my teeth white

(chorus)

I got the video blues  
Can't say what you choose  
I'm stuck in front the TV  
Got the video blues, video blues  
Can't do nothin' but the video blues

Now I know it's late but I left the set on  
I just couldn't believe that the girl was gone  
So I bought that toothpaste, had a brushin' marathon  
My teeth became white, but my head turned oblong

(chorus)

(repeat as necessary)
